

News about the book

"TOWARDS THE TRUTH"

After the publishing of my book, I continued the search for the name and sound of the Holy name, which is the name above all names. In the so-called Tetragrammaton YHWH with the omitted vowels, is the only place to search the Holy lost name of our beloved Savior and Heavenly Father, because they share the same name, which is pointed out in the following Biblical scripture.

John-Gospel 5:43: I have come in my Father's name, and ye receive me not; if another shall come in his own name, he ye will receive.

This scripture did not come with the book; in spite of many searches in the Bible. That name is important to find this is beyond any doubt, but what is equally important, or actually even more important is to find the particular sound that the name should be spoken with, it is clear from the next verse.

Acts 4:12 "And in no one else is there salvation; for neither is there any other name under Heaven, that has been given among men, in which we must be saved be saved."

If we want to follow our Savior's words, so of course we must also follow them, a deviation prevents us from salvation, as our faith in Him is built. Baptism is only described in the Bible for adults, and the sound of the name, is pronounced on the basis of this very unique name. The spoken true sound of the Saviors name, in the moment the baptized is taken below water, release the gift of the Holy Spirit, as our Savior has promised. This Holy Spirit, which is the amazing Spirit (RUKHA in Aramaic), who has created the Creation, is the One who has control of Creation through our Heavenly Fathers Holy Body. The Father/Son, shared also the same identity, in spite of differences in the flesh person. Our Savior's hidden identity behind the mortal body was his Fathers, who had full control of the Son/Savior's mortal body. This explains the common name. One of the many other evidence that made them identical, is that when our Savior rose again from death on the third day, he was back in his eternal body, which was created already before the Creation, therefore, was no one around him able to recognize Him in this different body. We have also been created similar to our Creator and Father, both physically and spiritually, this eternal body is our true identity, hidden behind our mortal body, and it is this eternal identity and a very different body, we return to be again in the Resurrection, which hopefully is waiting for most of us. That is why the flesh and blood, of mortal man's body, can't inherit the Heavenly Community.

Only what already from "beginning", is created immortal can return back again after restoration/salvation. The mortal body was only created from earthly ingredients, in which we all is incarnated in. That's why we hide our heavenly identity behind our mortal external, just like our Heavenly Father did. Without creation of our deadly bodies, we would never have been able to get a life again, the mortal body is a absolute necessity, without this deadly made body, we could never be saved. It is so logically obvious, and even more obvious when the Holy Spirit will have the pieces to fall into place in us, but these relationships is also explained quite clear in the Bible.

Chief priests

The Israeli high priests did not want anyone to desecrate this precious name, therefore they hid the name in the so-called Tetragrammaton spelled YHWH, here they left out a number of vocals, if they are correctly replaced, we have the written name back. In my book, I felt confident, especially after Israeli sources said that the written name is YAOHUSHUA, that's why I used this name in writing. Subsequently, I recognized that it was a mistake, because the name does not match the Tetragrammaton. I then divided the Tetragrammaton up into two parts, YH and WH. Furthermore, I found the solution to HW by adding an A in the middle; this led to my reading Ha Wah, which means that he will change us, to what we was before. Which is practical the same meaning we find in the title Shua, Savior in Aramaic. After removing the 2 vowels from the name YAOHU, the O and the U, and separating the title, I am convinced that the name YAH is very close to the true name, perhaps the real true and only name of our Heavenly Father and Savior.

YAH Ha Wah - YAH Shua

The same name YAH, although the titles are different, so has the same meaning.

The spelling of the name, I can't vouch for, so perhaps should be replaced with an E or I or U, and finally there is the possibility of adding multiple identical or different vowels.

Adulteri

These few Biblical facts mean that the so-called Christian world cultivates idols, and proclaims the Bible based on lies. They baptize children to Amen, in spite the Bible name is Jesus. Amen and Amen Ra are names of Egyptian idols. They could have chosen Jesus and the Father rather than Amen. The matter is not what we think Amen means, or have been told, the fact is anyway a very horrible one. Jesus name according to the Bible is the Savior's name, but baptism in his name would then still not be in

the Fathers name, mentioned as Lord God in the Bible.

These names are both false names, they do not fit into the Tetragrammaton, nor does something the Christians calls God! Yes I hate falls religion, because I love my Saivor/Father and His Holy Spirit. In this way Christianity worship Satan, who ells than his followers can love that.

There are so many Biblical committed blunders revealed once we know the Bible. We have the content of the Bible from the Israelis and Greeks, including the names, but these names are never transferred to the Bible we know, the Greeks invented so totally different names, where they chose the name of there own God Zeus and added Ye in front, thus indicating the name Yezeus, later changed again to Jesus, a name which has no relation to our Savior's name. The Israelis themselves know no longer the right name of ther Messiah, they used former name Elohim, which they now have left, and in recognition that they did not know the original name, they only use the word Lord, Adonai in Hebrew language.

The few Christian Danish believers are obsessed in traditional adultery, in which they firmly believe in, they are unfortunately not interested in the truths and facts I tell about in my book, therefore, the book is not selling. They present exactly the same attitude as the Pharisees did to our Savior. The Bible they do not really know, they only use those parts that support there false teaching. The mayor part of the more intelligent population has for many years turned the deaf ear on, when Christians try to convince them. In this way the wonderful message that the Bible gives us about creation and our position and opportunities for a return (salvation) to the cosmic community, we once belonged, is gone lost. The Television I have also tried to generate interest for my insight and the book, but they also have no interest in helping the Danish people to understand the truth.

Judgment of the Christian world

There are wonderful and lovely people in all religions, they are simply misinformed about the Bible's true message, which theologians and other scholars through history. They build a theology only based on what they understand, and leave out what they do not understand. They do not understand the importance of using authentic name of our Savior, even though the Bible clearly shows the way, therefore the consequences of their own worthless recipes and explanations fails, and they are not able to understand the Bible in whole. When you study the Bible and build up a theology on the few things you understand, you will definitely miss the whole picture the Bible so beautiful describes. To distance itself from the Biblical scriptures in this way is abhorrent, and on this poor foundation they stand. Guidance for Baptism in the Bible, is given in such clear terms that no one should be able to misunderstand it, in spite of this, they do not

follow them, which is grotesque, a crime becoming very costly for all humanity.

I am warning everyone who are Baptized to an adult name as Amen or Jesus, they have related themselves, without knowledge to Master Satan, who is responsible for placing the false names in the Bibles. When our Savior "YAH" returns, before we all receive a new Baptism in His true Name, the consequences are going to be disastrous.

God, as a name, is just as abhorrent as the name Jesus in the Biblical context, those names have never had any relationship with our Heavenly Father and Son, a cosmic crime have been committed, the punishment for this will end with eternal death.

Satan is probably now a living person on Earth, and his intension is trying to keep both the Christian World in his power, as well everyone outside the Christian World. The situation is terrible for this World, I hope you understand, and will take action!

My words, is not mine but His words written in the Holy Bible, please understand.

I hope

I hope, that we soon will receive both the written and spoken sound of the One Name, the Father, Son and Holy Spirit have.

I hope he will reveal it to me, and then I will pass it on to you.

In recognition of the truth, then I will right now recommend all of you to baptize one another to "YAH", in recognition of the fictitious names. Do it now in the ocean or the lake to YAH, because this name is very very close, if not the real Name. Baptism can we all do in love to our beloved Savior. Speak YAH's name while you lower the person below the water.

The Baptism

Speak those words: I Baptize you to YAH, the name of our Father, Son and Holy Spirit.

With Love

Tage Winther
